Commissioner Martin:

Please take violence off of t.v. I have 4 children. I have very strict t.v. rules in my house. There is even alot of cartoons I do not allow my children to watch. Children are exposed to so many bad things every day b/w what they see on t.v. and what their friends may tell them at school. We need to stop robbing our children of their innocence. We need to restore family values to all that our children are exposed to.

Dear Sirs and Madam;  
Thank you for taking the time regarding what Americans think about violence on TV. I personally have stopped watching television because of the violence and immorality that is on every "prime time" show. I definitely will not let my kids watch. And unfortunately you see a lot of the violence on kids cartoons. I had to change the channel from Cartoon Network because a cartoon that was on was unbelievable violent; it includes blowing up people, killing people, etc. Our kids have a hard enough time just growing up and trying to make it through high school, they don't need to see more violence they need to see shows on TV that are wholesome and are a positive influence. Please help to bring the standards up to a "respectable level". Thank you for your time.

Sincerely,

Terri Shipley

Per your request from the public for comments on violence on tv, I am writing to let you know that I oppose it!

There are numerous studies which show a causal effect of television violence on the behavior of not only children but adults as well.

There is no need for it. What we truly need is family friendly, children friendly, morally uplifting television shows.

Thank you for your consideration and efforts.
